SHOT AND KILLED.

Attorney J. B. Marcum Assassinated While Talking to Friend Near Jackson Courthouse.

DEATH ALMOST INSTANTANEOUS.

The Deceased Had Just Filed Papers Reopening the Election Cases of Breathitt County.

The Person Who Did the Shooting Is Unknown, and Made His Escape During the Excitement That Followed the Tragedy.

Lexington, Ky., May 5.—Just after he had finished filing papers re-opening the contested election cases of Breathitt county, Hon. James B. Marcum was shot and killed by an assassin. He fell in his tracks in the front entrance of the court house at Jackson and never spoke, death being almost instantaneous. He fell within a few yards of where Town Marshall James Cockrell was shot down in July, the assassin being stationed in the court house in each instance.

Marcum was counsel for the fusionists, who are contesting for the offices of county judge, sheriff and other places. As a result of his efforts and his sympathy with the Cockrell faction in the feud he had for a year been regarded as a marked man.

Various plots to assassinate him have been reported. The bitterness of the feud somewhat abated, however, and the election cases were allowed to sleep until Monday. Despite warnings Marcum felt safe in resuming his interrupted practice some time ago and felt secure in filing a motion to re-open the cases which had imperiled his life months before. At 8 o'clock Monday morning he went to the court house at Jackson and the papers were filed. He walked from the clerk's office to the front door of the court house and, facing the street, engaged in conversation with Ben Ewing, a friend. The corridor stretching out to his back was full of men. The men had been talking about three minutes when a shot rang out in the rear of the corridor. Marcum staggered and as he sank to the floor another shot was fired. The first bullet entered the back to the right of the spinal column and passed through the breast and body struck the door facing. The next passed through the top of his head and was aimed as he reeled. The shots appeared to come from a doorway or possibly from behind a door in the corridor, but as the passage was quickly cleared amid great confusion no one seemed able to state accurately where the shots came from.

A dispatch from County Judge Harris, received at 8:30 o'clock Monday night, states that the assassin is still unknown, after a diligent search, and no arrests have been made.

Marcum's body lay for ten minutes untouched. Men feared to approach the body. It was finally picked up by friends and carried to a drug store opposite and from there taken home.

Some say that the assassin ran out of the rear door and it seems certain that he made his escape that way during the confusion. It is believed that he was recognized by some, but no one has thus far had the courage to name him, though this question is on every one's lips.

Marcum was a trustee of the Kentucky state college, United States commissioner of his district and represented the I. & E. railroad and other large corporations. He had practiced in Breathitt county for 17 years. He had avoided feuds and until he took charge of the election cases had been a friend of all factions. For three months, beginning last July, he did not leave his home and after that for months was always accompanied by his wife and women friends or carried one of his children for protection. The funeral will take place in Mt. Sterling.

Lexington, Ky., May 5.—James G. Eversole and D. C. Donan, two State college students, who went to Fort Thomas to stand the physical examination for entrance to West Point, have returned, after having passed the examination.

Said to Have Married Five Women. Campion, Ky., May 5.—The jury in the case of the commonwealth against Howard Moore on the charge of bigamy, reported a verdict in court giving him three years in the penitentiary. Moore is said to have married five women.

Elks' State Reunion.

He is a native of our sister county, was a gallant soldier in the "Lost Cause," and is an uncle of Mrs. Hattie Fraze Hart, one of the best women Mason ever gave to Fleming.

The Mayor reported \$294.85 as amount of license collected for month.

Building permits were granted as follows: Mrs. J. L. Daulton, to remodel and improve dwelling house at 406 East Second street, and make it a two-story; Geo. C. Fleming, to remodel and improve residence at 408 East Second, and make it two-story; Ira E. Newell, to erect a one-story metal roof shed on Wall street; Simon Nelson and Daniel Perrine, to remodel and improve their business houses on Second street.

The Ways and Means Committee reported the payment of \$4,000 balance due on bond for \$6,328 issued July, 1889, to reimburse Committee of Guarantors of the right of way for M. and B. S. railroad, together with accrued interest. The bond and coupons were destroyed in presence of Council.

The saloon license of T. F. Fitzgerald was transferred to W. C. Chisholm & Co.

Joe H. Dodson asked for permission to erect a coal elevating track from the Wall street landing to his coal yard, the track to be sufficiently high to not interfere in any way with the passing of teams to and from the river. He said the construction of the C. and O. fall on Front street caused an eddy at foot of Wall street, and a deposit of mud after every rise in the river; and the construction of an elevator is rendered necessary.

J. S. Hopper was granted auctioneer's license.

Geo. W. Orr, Henry Dersch and Jos. A. Carpenter were elected Supervisors of Tax for 1903.

The resignation of Wm. H. Means as a member of Council from Second ward was tendered and accepted. F. W. Bauer was elected to fill the vacancy.

The Mayor reported result of a conference on Saturday of Messrs. Short, Frost and Cummings, the Alms Committee, with Squires Cochran, Dresel and Rice in reference to the city purchasing an interest in the County Infirmary property and the erection of a modern infirmary and the conversion of the present buildings into an eruptive hospital. The proposition discussed was for Maysville to become a joint owner of the infirmary property by payment of her proportionate share of the present cost; that the county issue \$50,000 in bonds, to be voted by the people of the whole county; that the county then build a modern infirmary on the present farm, locating it near the Mt. Carmel pike; that the present buildings be used for an eruptive hospital; that the city abandon the present city almshouse; that in future the infirmary be levied upon the people of the whole county, including the city of Maysville; and that the city and the county have the joint use of the infirmary and eruptive hospital.

NINTH district Democrats should stand by their candidates in the State primary next Saturday. Any combination on the part of one candidate to the detriment of the others will be remembered, and will not be calculated to insure harmony in the future fights.

The Democrats of Mason County in selecting candidates for the various State officers should bear in mind that Dr. J. M. Frazee, of this county, E. W. Hager, of Boyd, and Robert Green, of Bracken, are all in this Congressional district, and should receive the united support of the party at the coming primary. "United we stand, divided we fall" is a good motto to keep in mind in this fight.

WHEN President Roosevelt was about to leave on his western trip he was called on by a delegation of the prominent members of his party and was compelled, asserts a writer, to revise his tariff and "trust busting" speeches to be delivered on the trip, or take the consequence of defeat or attempt at defeat in the next Republican National convention. The revision was made at their dictation and, inasmuch as he had not time to rewrite all his speeches, he used some of the warmed-over speeches that were satisfactory to the tariff barons. The speech that he delivered at Minneapolis on April 4th is almost verbatim the speech delivered by Secretary of War Root at Cooper Union, New York, last October. If any man doubts it let him get them and make the comparison. This simply shows how the President is being dominated by the trust interest of the country and what a hollow mockery is all this hue and cry about "busting the trusts."

The Appetite of Human Nature

When **Uneeda Biscuit** were first introduced, a conservative said:

"They are all right as far as they go, but they won't satisfy the worker. The worker, you see, wants something solid, and substantial, and plain—like potatoes, cabbage, or beef. These delicate and crisp biscuit, packed so daintily, in that In-er-seal Package, will not appeal to him any more than winter strawberries."

That sounded like good reasoning. But fact upsets theory.

Workers everywhere have been great consumers of **Uneeda Biscuit**. The outdoor worker, seated at noon upon the sidewalk, a house wall for his back rest; mill hands in the mill yard, seated on comfortable bales; teamsters and draymen, on their high box seats—all have eaten **Uneeda Biscuit**, and their wives have eaten them, and their children have eaten them.

Another conservative took another view:

"**Uneeda Biscuit** are all right," he said, "to sell to the workers, but you must not expect to sell them to the more prosperous people. They are too cheap. Five cents a package—that kills **Uneeda Biscuit** so far as the wealthy are concerned. The price should be higher—they are worth it."

That, too, sounded reasonable, but it also turned out to be only theory.

For the greatest grocers of the city and of the country say **Uneeda Biscuit** have taken the place of the more expensive biscuit. Over 200,000,000 packages have been consumed.

The worker eats **Uneeda Biscuit** because of their goodness.

The wealthy eat them because of their delicacy.

The whole world eats them because they represent the highest value as a food product—pure, wholesome, good.

The appetite of human nature always relishes a good change of diet—Uneeda Milk Biscuit is a change that never disappoints.

IMPORTANT ANNOUNCEMENT OF THE MAYSVILLE GAS COMPANY.

Under 2000 cu. ft. of Gas \$1.50 per 1000.

Over 2000 cu. ft. of Gas and under 3000 cu. ft. \$1.25 per 1000.

3000 cu. ft. of Gas and over \$1 per 1000.

At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered that on and after the first day of April, 1903, the above sliding scale of price of gas for all purposes for lighting and illuminating, should go into effect for all private consumption, and that all rates and discounts heretofore made are hereby abolished.

It was further ordered that after the first of April the rule of the company "gas will be turned off if account not paid with five days after presentation" shall be enforced, impartially and indiscriminately, regardless of whom it may concern. (This action was taken not to appear arbitrary nor with the idea that the accounts of the consumers are not perfectly good at any time during the month, but a year later for that matter, but for the good of the concerned and in order that this part of the business of the company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the company's agents and employees, now so largely occupied with this work of collecting, might be given to other work.) It is further ordered that the gas consumer will give better attention and more efficient supply and service.

It was further ordered that beginning with the first of May and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an agent of the company on the first day of the month, or the second day, if the first comes on Sunday, and that said account shall thereafter within five days be due and payable at the office of the company on Court street, Maysville, Ky., and if not so paid, gas will be promptly shut off.

The gas company further announces that, after the first day of April, they will handle and sell at cost price to gas consumers any of the great variety of gas stoves and ranges made, and shown in the catalogue of the Detroit Jewel Works, Detroit, Mich., which price will be a sum equivalent to 50 per cent discount from the list price in said catalogue. These stoves and ranges will be sold for cash only, or according to the terms of a printed lease, whereby easy payments are extended over a period of from twelve to seventeen months. For instance, take a gas range listed in catalogue at \$25, the gas company will sell this range to consumer for \$13 cash or for \$2.50 cash at signing of lease, plus 60 cents a month for seventeen months, at the expiration of which time the range is sole property of consumer. The company has selected to handle the Detroit Jewel Gas Range on account of its acknowledged superiority and wide reputation for durability and economical consumption of gas.

The gas company will also handle, at cost price to consumer, the fixtures and mantles of the Weisbach Company in all of their many attractive varieties.

Before closing this announcement the gas company wishes to publicly express appreciation of the eminently fair, just and courteous manner accorded them by his honor, the Mayor, and the Board of Council, particularly the Chairman and members of the Gas Committee of that body, through whose efforts in behalf of the private consumers the above concession in the price of gas is now and will be maintained.

With the assurance to the citizens of Maysville that it will be the earnest effort of the company and its agents to at all times give them their best possible service at the least cost, we beg to remain, very respectfully,

R.C. POLLITT,
Dentist.
